

VIEWPOINT E - looking east and north east

VIEWPOINT G - looking north west towards area of former working

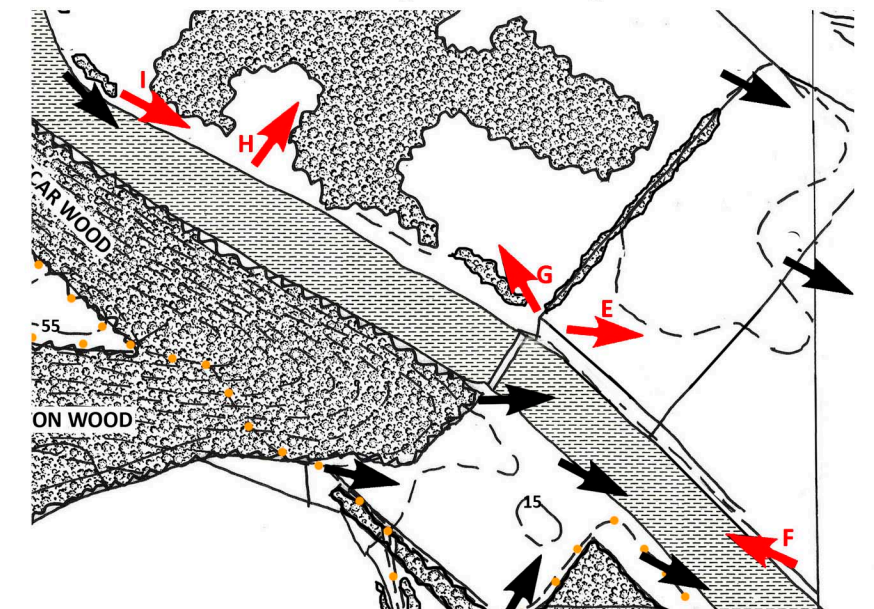

VIEWPOINT H - looking north

VIEWPOINT I - looking south east along river bank

VIEWPOINT F - looking north west along river bank

PHOTOGRAPH LOCATION PLAN

VISUAL IMPACT ASSESSMENT

These photographs illustrate the plateau and riverside areas near the northern section of the Application Site. The wooded slopes of Bilton Wood and Red Scar Wood, plus the wetland regeneration in the former working area can all be clearly seen. Views into this section of the Application Site are mainly from the public access areas at Brockholes on the opposite side of the river (see Drawing Nos.1040/PL35-37 inclusive for reverse views).

Revised.	Date.	Details.
