Comment for planning application LCC/2022/0048

Application number	LCC/2022/0048	
Name	Lisa Burton	
Address	309 Brownedge Road Bamber Bridge	
Type of Comment	Comment	
Comments	Farington Parish Council are broadly in support of this application, though wish to raise concerns regarding the infrastructure surrounding the site. There will be a huge knock-on effect to the surrounding areas of Lostock Hall, Bamber Bridge and Stanifield Lane, and yet this is not considered in the application. The strain on the current road network needs to be included when considering this application. LCC are asked to consider the bigger picture with several large developments being proposed within close proximity to each other in this area.
